

Product Safety Statement

Made by Marley is committed to ensuring that all products, including our decoupage paper, meet the highest safety standards and comply with the requirements of the EU General Product Safety Regulations (GPSR).

Safety Features and Packaging

1. Packaging Design:

Our decoupage paper is packaged in a plastic bag designed with ventilation holes to reduce the risk of suffocation, ensuring compliance with safety standards for protective packaging.

2. Material Safety:

The paper and packaging materials are non-toxic and safe for handling under normal and foreseeable conditions of use.

3. Usage Warnings:

The packaging includes clear warnings to ensure safe handling, such as:

- "Keep packaging out of reach of children."
- "Intended for decorative crafting purposes only."

Risk Management and Monitoring

● Risk Assessments:

Comprehensive safety assessments are conducted on the product and its packaging to identify and minimize potential risks.

● Incident Response:

If any safety concern arises, we are prepared to take immediate corrective actions, including notifying authorities, withdrawing products from the market, or issuing a recall.
